**Student Financial Aid Information**

**Cost of Attendance**
The Cost of Attendance for financial aid purposes, is the estimated (budgeted) cost of attending school, including: tuition, fees, books, supplies, room & board, transportation, personal expenses, and any additional costs of the program the student is enrolled in or wishes to attend. This estimated budget is used to determine the maximum amount of financial aid that students can receive. This is commonly known as the Cost of Attendance (COA), and the amounts will vary based on the where the student is living while in school (at home with parents, on campus or off campus) and the amount of tuition and fees associated with the program of interest. This information is located on the Dorsey Schools Financial Aid web page at http://www.dorsey.edu/disclosures.php and also in the financial aid office at the school. Tuition and fees (which include books and supplies) for each program also are described in the school catalog. Paper copies of the tuition and fee rates are available upon request from the financial aid office.

**Types of Federal Financial Aid Programs**
Students may apply for various need and non-need based programs to assist in paying for the expenses related to attending school. It generally consists of a combination of grants and loans which supplement the student’s (and possibly parent’s) contribution toward the Cost of Attendance. A listing of the available financial aid programs is located in the school catalog and on the Dorsey Schools Financial Aid web page at http://www.dorsey.edu/disclosures.php. Paper copies of the listing of financial aid programs are available upon request from the financial aid office.

**Applying for Federal Student Financial Aid and Determining Eligibility**
To apply for Federal Student Aid, students and parents (if applicable) are required to complete the Free Application for Federal Student Aid (FAFSA) or provide a copy of the Student Aid Report (SAR) if the student previously completed a FAFSA for the specified award year. FAFSA on the Web is available online at http://www.fafsa.ed.gov/. Students can also use the FAFSA on the Web worksheet to assist them in collecting information needed to complete the application. The FAFSA4caster is also available at https://studentaid.ed.gov/fafsa/estimate and can be used to get an early start on the financial aid process by providing an early estimate for federal student aid, providing the user with an experience similar to FAFSA on the Web, allowing for transfer of information to the FAFSA on the Web once a student is ready to apply for aid, providing the option to apply for a Federal Student Aid PIN, increasing knowledge of the financial aid process and providing information about other sources of aid. Students and parents may obtain a Federal Student Aid PIN at www.pin.ed.gov.

The financial aid office will utilize the results of the FAFSA to estimate and determine the student’s financial aid eligibility. Information on how to apply for financial aid and how eligibility is determined is provided to students in the financial aid office at the school, in the school catalog, and is also located on the Dorsey Schools Financial Aid web page at http://www.dorsey.edu/disclosures.php. Paper copies are available upon request from the financial aid office.
Terms & Conditions under Which Students Receive Federal Student Aid Loans
Students who receive loans have terms and conditions associated with these loans. These terms and conditions explain the rules of the loan including interest rates, eligible amounts based on the student’s grade level in school, and at what point the student has earned the right to keep the full amount of the loan based on enrollment, etc. The student receives information on the types of available loans, rights and responsibilities, the requirement for entrance and exit counseling and loan repayment options. This information also is available on the following sites:
  Dorsey Schools web site at http://www.dorsey.edu/disclosures.php
  The Direct Loan website at http://www.direct.ed.gov/student.html
  The Federal Student Aid site at https://studentaid.ed.gov/repay-loans
Paper copies of loan terms and conditions and rights and responsibilities are available upon request from the financial aid office.

Methods of Distributing Aid and Student Notifications
Federal Aid is distributed to eligible students who complete the Free Application for Federal Student Aid (FAFSA) and meet all required eligibility criteria as further described within the application instructions. Students should go to www.FAFSA.ed.gov to complete the application or visit the financial aid office for any questions regarding the FAFSA.

Additional information and information on the institution’s policy for handling title IV credit balances, student notifications and student (and parent for PLUS loans) authorizations, is available on the Dorsey Schools Financial Aid web page at http://www.dorsey.edu/disclosures.php. Paper copies of this information are available upon request from the financial aid office.

Refund Calculation and Return of Federal Financial Aid Calculation
There are two calculations completed when a student leaves school prior to completing the program (withdraw).

Institutional Cancellation and Refund Policy - Students should refer to their Enrollment Agreement and school catalog for details on the institution’s cancellation and the institution’s refund policy, related to calculation of tuition and fees that is performed at the time of withdrawal.

Return to Title IV Calculation - The refund calculation for Federal Student Financial Aid is a separate calculation. As a result of the federal refund calculation required by federal regulation, students may owe additional funds to the institution to cover tuition and charges previously paid by unearned federal financial aid prior to withdrawal. Students that plan to withdraw from school should contact the financial aid office to determine the amount of funds, if any, which must be returned to the Federal Student Aid programs on their behalf, and inquire if additional funds will be due to the institution.

The last date of actual attendance is used in calculating refund amounts. Refunds are allocated in the following order:
1. Federal Unsubsidized Stafford Loan
2. Federal Subsidized Stafford Loan
3. Federal Parent (PLUS) Loan
4. Federal Pell Grant
5. Federal Supplemental Opportunity Grant
6. Other Federal Aid
7. Other State Assistance
8. Private Aid
9. Institutional Aid
10. Student Payments

Students should refer to the school catalog for additional information on the Return of Title IV Funds Policy and Institutional Refund Policy.
Withdrawal from School
Students seeking to withdraw from the school should refer to the withdrawal policy contained in the school catalog.

Satisfactory Academic Progress (SAP)
Federal regulations require that institutions monitor the academic progress of students who receive Federal Student Aid. Satisfactory Academic Progress applies to all students enrolled in eligible programs; however the financial aid office also monitors the SAP for students that receive student aid. These standards apply to a student's entire academic record at the school, whether or not financial aid was received for prior terms of enrollment. The SAP policy also explains how a student who has failed to maintain satisfactory academic progress may re-establish eligibility for Federal Student Aid. The SAP policy is located in the school catalog.

Gainful Employment Disclosure and Student Right-To-Know Act
Federal regulations and the Student Right-to-Know Act require institutions participating in Federal Student Aid to provide additional disclosures to students. The disclosures include:
