The company will retain an employee’s Social Security number for the duration of the employee’s employment and for two years following the employee’s termination or for a longer period as required by law. Students’ Social Security numbers are indefinitely maintained in a computer database per Department of Education regulations. The company will physically destroy documents that contain Social Security numbers but need to be discarded by shredding or another secure fashion. Social security numbers stored in a computer database that need to be removed will be deleted from all programs pursuant to techniques and standards commonly used for such purposes. All provisions of this policy are subject to the language of the Act.
