

DORSEY SCHOOLS JOB PLACEMENT DISCLOSURES

Job Placement Disclosures provided herein include our nine Dorsey Schools' campuses accredited by the **Accrediting Council for Independent College and Schools (ACICS)** and our one Dorsey Schools' campus accredited by the **National Accrediting Commission of Career Arts and Sciences (NACCAS)**.

ACICS Accredited School Disclosures

As a school accredited by the Dorsey Schools hereby certifies that the placement information provided below was submitted to ACICS on November 2, 2015 as part of its annual report (Campus Accountability Report (CAR)) and is the most recent placement data available. All placement information provided is for students graduating or completing program requirements between the period July 1, 2014 and June 30, 2015. Dorsey Schools uses ACICS' placement definitions and formula to calculate all placement rates.

ACICS applies the following Definition of Placement to outcomes reported by member institutions¹:

Placed based upon job titles: Any graduate or completer of a program that was placed based upon job titles included in the list of job titles published by the institution for which the program prepares students. These job titles must be those published by the institution on its web site in compliance with USDOE Title IV regulations and must be identified in the Department's CIP-to-SOC Crosswalk ([Standard Occupational Classification](#), U.S. Department of Labor) with the Classification of Instructional Programs (CIP) code of this program.

OR

Placed based upon the required use of skills: Any graduate or completer of a program that was placed based upon the required use of skills learned in the student's program as a predominant component of the job. These skills must be those listed in the institution's published program description and a majority of these skills must be documented in the employer's job description as required or desired skills, duties or responsibilities.

OR

Placed based upon the benefit of the training: Any graduate or completer of a program that was placed based upon the benefit of the training received from the program in obtaining a new position or maintaining a current position, supporting promotion or improving job related skills.

ACICS calculates placement rates as follows:

(Placed by job title + Placed by skills + Placed by benefit of training)
((Completers + Graduates) - (Exemptions*))

* *Exemptions are: pregnancy, death or other health-related issues, continuing education, military service, visa restrictions, enrollment in English as a Second Language (ESL) program, and incarceration.*

ADDITIONAL NOTE:

ACICS requires accredited institutions to submit a CAR (annual report) for all campuses which obtained accreditation in the year prior to the CAR (annual report) period. Therefore, a CAR was not submitted for our Dearborn, Lansing, and Taylor campuses. However, placement data was still tracked as outlined above and is provided herein. Additionally, a summary report of all Dorsey Schools placement data is also provided, even though a summary report is not required by ACICS.

NACCAS Accredited School Disclosures

As a school accredited by the National Accrediting Commission of Career Arts and Sciences (NACCAS), Dorsey hereby certifies that the placement information provided below was submitted to NACCAS on November 30, 2015 as part of its annual report and is the most recent placement data available. All placement information provided is for students with contracted graduation dates between the periods of January 1 – December 31, 2014. A student may count as placed if they are employed in a field for which their training prepared them prior to November 24, 2015.

NACCAS calculates placement rates as follows:

Number of graduates that obtain employment resulting from skills acquired through training
Graduates – graduates ineligible for placement*

** Graduates who are deceased, permanently disabled, deployed for military service/duty, visa restrictions, or continuing education at an institution under the same ownership are ineligible for placement.*

TAYLOR		% Placed
Cosmetology		70%
Manicuring		80%
