What is the total cost of the Practical Nurse program?

Tuition for a student to complete the Practical Nurse program within the normal time frame of 48 weeks of contact time (as published in the school catalog) scheduled over approximately 12 months currently totals \$29,280, which includes the cost of books and supplies. Total tuition may change based on a student's decision to change programs, repeat classes, withdraw or interrupt training for any reason.

No educational determinations have been made for any other state, district or US territory in regards to licensure requirements.
