Student Emergency Funding Allocation

All students in a school status of Active and Leave of Absence during the *Spring A* term (4/13/20), that have been determined eligible for Title IV funds, have been sent a Dorsey COVID Grant Form to complete electronically. Student that have not completed a FAFSA or whom have been identified as not being eligible for Title IV funds have been contacted separately; we have requested that they complete a FAFSA to determine their eligibility.

This process of identifying additional eligible students that are in a school status of Active and Leave of Absence will be repeated every six (6) weeks until funds are exhausted; new students will also be sent the Dorsey COVID Grant form to complete so they can be funded.

The form provides information about the emergency financial grant, including eligibility requirements. Students are requested to check applicable areas in which they need financial support for expenses related to the disruption of campus operations due to the Coronavirus (including education expenses, course materials, technology, food, housing, healthcare and childcare). We have also requested any updated contact information to be used to mail payments. The form requires the student's signature and attestation that the information provided is correct, and that they understand the purpose for the emergency financial aid grant funds.

Dorsey School of Business students are scheduled to receive up to a maximum of three (3) payments of \$350 each, to be paid in six (6) week increments. Dorsey School of Business students will receive up to \$1050 in regular payments, however, ***we will continue this process until all funds have been fully spent.*** Students that withdraw or graduate from school will not receive payment(s) from the emergency financial aid grant.

Students attending Taylortown School of Beauty will also be scheduled to receive \$350 payments every six (6) weeks, however students at this institution may receive up to six (6) regular payments totaling \$2,100 while in school, however ***we will continue this process until all funds have been completely spent.***

In addition to providing regular payments to all students in a school status of Active and Leave of Absence, we have provided students with extenuating circumstances, an additional payment. Where students indicate that they have extenuating circumstances and need for financial support for expenses related to the disruption of campus operations due to the Coronavirus (including education expenses, course materials, technology, food, housing, healthcare and childcare), we will award these additional funds. The amount awarded will be based on each student's scenario.

We have posted information on this emergency financial aid grant to our website and sent multiple communications to our students to notify them of the availability of these emergency financial aid funds. We began sending the Dorsey COVID Grant Form to students on May 1st, 2020; an email from our School President & CEO was distributed on May 7, 2020, and on May 13, 2020 a notification was posted in Canvas, our online learning platform.
